- Attendance Policy. Attendance is critical in this course. All missed classes will be noted. The policy on missed
- classes is to allow each student two (2) absences, no questions asked, no penalty. Missing three or more classes
- without a reasonable conversation with the professor will reduce your participation grade and final course
- grade. Students with an excessive number of absences are at risk of failing the course. Only official
- university engagements, such as officially scheduled USC Marshall sponsored case competitions and sports
- events, will be accepted as exceptions to this policy. Job interviews are not excused so choose your absences
- carefully. Habitual lateness and leaving class early, for whatever reason, will be noted as evidence of low
- course commitment and penalized. Simply put, you cannot learn from our class discussions, and your
- classmates cannot learn from you, if you are not present.
- Participation. Your participation grade will be based on consistent and effective contributions to class
- discussions and participation in in-class assignments and activities. You are expected to attend every class
- session having read, thought about, and prepared any assigned material. You should also be prepared to share

- your ideas and to actively listen to and interpret the ideas presented by others. Effective engagement with your
- team is also an important component of your participation grade.
- 3
- Comments that are vague, repetitive, unrelated to the discussion, or disrespectful of others will be evaluated
- negatively. Quality comments possess one or more of the following attributes:
 - Offer a relevant concept or personal experience
 - Provide careful analysis by applying theory and concepts from readings and lectures
 - Move the discussion forward by building on previous contributions with new insights
 - Ask thoughtful and challenging questions.
- Our learning community operates in an environment of openness, respect, encouragement and engagement.
- Discussions will be richer if you share your unique perspective. There is rarely one right answer in
- organizational behavior! It may take courage or patience or imagination to engage with the course material,
- our classmates and our experiences. In our classroom, I aim to develop a psychologically safe space where
- we can all learn together and benefit from the diversity that leads to increased innovation, better problem
- solving and, in our case, what I hope will be new friends and a great semester!
