- Makeup Tests - There will be no make-up tests. By enrolling in the course you are committing to
- take the midterms and final on the scheduled dates. If an exam is missed for an approved reason,
- the weight for that exam will be shifted to the other exams (i.e. so that the other exams will be
- worth 26.6% each). Approval for a missed exam will be rare, and only with appropriate written
- documentation from an authoritative source indicating why the student was unable to appear for the
- exam. Normally, only a doctor's certification of a severe medical problem will suffice.
- Exams - The four midterms exams (there is no final) are not cumulative. Each exam will only
- directly test the subject matter covered after the previous exam. Note, however, that some material
- builds on previous material as we will make clear in class. Anything that is covered in class or the
- homework is fair game for the exams. If there is something in the text We did not cover, you will not
- be asked about it.
